

From Storm Doors to Castles, Dale's the man!

Don't ever let anyone tell you that Dale Gruber doesn't have an imagination. In fact, it's likely that your visions can become Dale's creation. All you need is just a little bit of time with Dale and you'll know what I mean. Dale can hang a storm door for you - or create a whole new world where a basement once was. The picture you're looking at here is a display of the extreme talents of Dale Gruber and Home Check Plus. What you see is a home gym, complete with its own Mayan Temple, clouds, rainfall, and just a small portion of a complete remodel that defies reality. A home theatre features an 8' drop down screen and the most intense surround sound you'll ever hear. It's a far cry from that new storm door, but Dale's creation nonetheless.

A special note of thanks from the homeowner and Dale Gruber goes to the following for their assistance with the cave look, LED lighting, and exceptionally creative electrical work.
